

Final

Step 1:
Get a hand sanitizer and cover it up with masking tape.

Step 2:
Doodle the edges of the hand sanitizer.

Step 3:
Fill in the sides and the top.

Step 4:
Now it's time to doodle the handle. Start by Doodling the stencil.

Step 5:
Make the button of the holder about 0.5cm thick. After you're done, make sure the holder works. Connect the bottom of the holder to the top of the hand sanitizer.

Step 6:
Peel your doodle off from the masking tape and peel off the masking tape. Now you have your own hand sanitizer holder.

Hand Sanitizer Holder
