

Rubber Ducky

Step 1:

Use paper or cotton to create a duck body shape, then tap it with tape. Then find a sphere (e.g. golf ball) suitable size for the body.

Step 2:

Doodle the body with simple line to create the structure.

Step 3:

After finish Doodling the body, tape the sphere with tape.

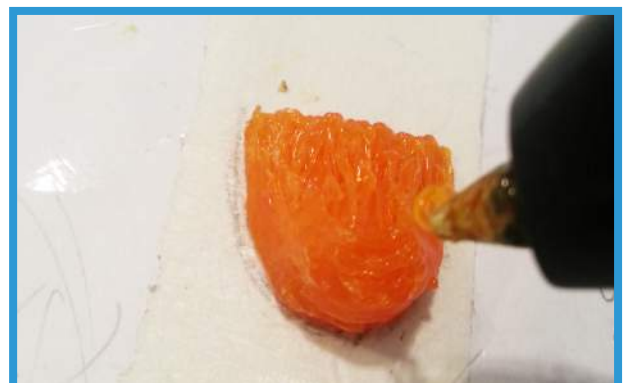

Step 4:

Firstly Doodle half of the sphere. Then Doodle the other half. After then Doodle the two hemishpere together to create a full sphere as the head.

Step 5:

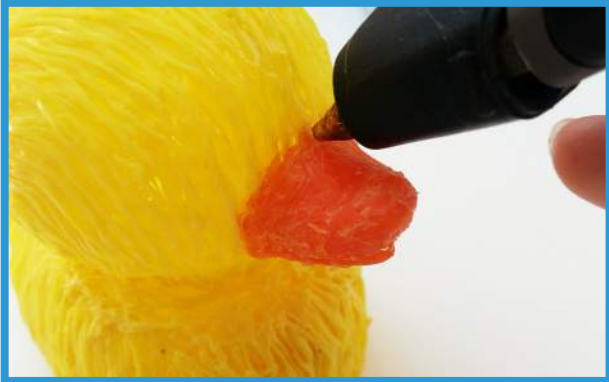

Combine the head and body together to create the full body.

Step 6:

Draw a duck mouth shape on taped paper. Then Doodle the mouth with suitable shape and thickness.

Rubber Ducky

Step 7:

Doodle the mouth and head together.

Step 8:

Use paper or cotton to create a wing shape.
Place it on the side of the body.

Step 9:

Doodle the wings.

Congrats!

You have finished your 3Doodled Rubber Ducky!
